

Curtis,

My name is Abe Mittleman. I'm a 55 year veteran of the NYC Taxi Business. I'm also a Native NYER who grew up a few blocks from the White Castle on Utica Ave where Remsen Ave and E.N.Y. Ave meet Utica Ave, not far from your hometown Canarsie.

After 42 years of being a NYC Medallion Owner and Taxi Driver, I stopped driving the taxi in 2013. I still own the medallion and it's being run by my mini fleet partner.

I am the owner of NYC Taxi News website.

I started this website in 2014 and it has grown to be extremely popular in the industry. I want you to be the Mayor of NYC. I have been promoting you on NYC Taxi News and X (twitter).

The thousands of people that rely on the NYC Taxi Industry want to know your position on the industry. After Uber and Lyft knocked us to the ground we survived. Now, autonomous vehicles are creeping in the door and with no doubt would like to throw the knockout blow.

I'm going to post this email to NYC Taxi News for all to read. Please, I ask for you to tell us all what you would do for the Taxi Industry as Mayor.

P.S. We met two times while I was a driver.

1.I took you from Penn Station home in the E. Village.

2.Thirty years ago I was hired to do an advertisement and was brought up to your radio studio.
